Twenty one, feeling down  
I tell you nothing with a thousand words  
And I weaker get with every step  
I'll waste my money on compact discs and staly fish

I can't remember the last time I did something  
That made me feel alright longer than a few hours  
If I only had the strength to make some muffins  
Then I swear that I would share them with you now

Well, am I odd or am I not?  
That's a question, I spend time analyzing  
Well, I'm so soft but still I'm not  
Living up to what the people want me to be

'Cause I'm busy with me, myself  
And I can't be understood by someone I don't know to  
well  
So I'm shutting out the whole world just to play  
Nintendo  
I've got these new games but I'm afraid you can't join  
me

These last few years, I've been struggling  
And I'm tired of keeping a low profile  
So now it's time to show that I'm alive

I'm gonna change my life, change my plans  
Change my Vans, even start to dance now  
Change my thoughts, change my socks  
Change my moves, even change my pro fighter Q for  
you

No, it's not for you  
This one's just for me  
Change one just for me  
Bullion
