"Carry You"

Visit "[Carry You](#)" on MotoLyrics.com

I'm going to follow you down into the sea,
climbing the mountains, you took the best of me.
I'm going to carry you high, don't ask me why,
saving our friendship 'cause I don't want to see it die.

And I'm telling you I believe the way,
(I'm telling you)
I hope you want to stay.
(I'm telling you)
You better show the tune, this is the last time I'll wait for
you.

Easy, come and go,
(I'm telling you)
the eyes are going to show.
(I'm telling you)
Open up your eyes, this is the last time I'll wait for you.

Come on and leave this mess, we don't need distress,
it took a lifetime to understand this crime.
You got to think and leave, we don't need to grieve,
you heard my word before, now I open up the door.

And I'm telling you I believe the way,
(I'm telling you)
I hope you want to stay.
(I'm telling you)
You better show the tune, this is the last time I'll wait for
you.

Easy, come and go,
(I'm telling you)
the eyes are going to show.
(I'm telling you)
Open up your eyes, this is the last time I'll wait for you.

In the light of day, I hope that you will try your best,
forget the rest.
In the dark of night, do tell me you will stand up tall, but
then you'll fall.
This is all I ever asked for, I know the game,

yeah, I'd give my best to prove that it's not in vain.
The sun goes up and down and the moon is there,
it's all the nightmare that we do share.

I believe the way,
(I'm telling you)
I believe the way,
(I'm telling you)
I hope you want to stay.
(I'm telling you)
You better show the tune, this is the last time I'll wait for
you.

Easy, come and go,
(I'm telling you)
the eyes are going to show.
(I'm telling you)
Open up your eyes, this is the last time I'll wait for you.

Yeah, you know what I'm talking about, I've just stayed
up for you,
(Wait for you)
the way that all the pyjamas I found got open again.
(Wait for you)
But still, you've got to talk the way I talk, get to feel the
way I feel,
(Wait for you)
you've got to walk the way I walk, way to feel the way I
feel.
(Wait for you)
