Maybe just because I was newly washed  
Like Brandon Walsh, you took notice of me  
You thought I was a rockstar, some gangster  
Or a bowling star, I don't believe you, babe

You're not the only one  
Who think I am a Chiquita dude  
Well, I'm afraid  
I'm not that rude

I took you to the A-house and even to the punk-palats  
Those trips made, you throw up  
And after a few nights you took off  
To the holm of asp's, that's where you belong

When it comes to you  
It's hard to have an open mind  
So I just have one advice to say

Walt Jabsco, Walt Jabsco  
Now that's what I call rude  
He's the man, he's a super dude
