You've got so many things  
Going your way today  
But still you are lonely  
And no one listens to the things that you say

Depression is a lesson  
That you really gotta hold on to  
Or is it fucked up anyway for you

You've got so many things to say  
But that won't help you anyway  
Because you're messed up and you're lost  
In other peoples thoughts

Tough situation you believe  
That you're afraid of yourself  
You're looking around for directions and clues  
But you should look somewhere else

Cause somewhere inside you  
You can find the strength that you're searching for  
Or is it fucked up anyway for you

You've got so many things to say  
But that won't help you anyway  
Because you're messed up and you're lost  
And now it's up to me

Do it for yourself today  
You have got to find a way  
So do it for yourself, 'cause you

You've got so many things to say  
But that won't help you anyway  
Because you're messed up and you're lost  
In other peoples thoughts

You've got so many things to say  
But that won't help you anyway  
Because you're messed up and you're lost  
In other peoples thoughts
