One day slackin' with no one
Doing nothing the best way that I can
Searching through my records looking for the Hero
song
I take my slippers and put them on

In my bed they spend most of my time
Way too tired to write down a clean rhyme
I say that bed skating is cooler when the trucks are on
Please tell me am I right or wrong?

Fazil's friend is here to let you know
What it's like when you wanna be the O S
Slackin' on the phone or slackin' all alone
I'll be number one when I turn O S

Hila zako hasara kwangu, don't know what it means
But it's your job to find out call me up when
You've got something bad to say
And I will listen in my own way

Fazil's friend is here to let you know
What it's like when you wanna be the O S
Slackin' on the phone or slackin' all alone
I'll be number one when I turn O S

Try to be someone the best way that I can
Bothering no one only what's inside me
Try to be someone the best way that I can
Bothering no one only what's inside me

Fazil's friend is here to let you know
What it's like when you wanna be the O S
Slackin' on the phone or slackin' all alone
I'll be number one when I turn O S
