First words you say in tears, complaining how I'm never
near
I know I'm lost sometimes 'cause I'm grounded in my
mind

It's like that, it's like this all the time
First I say that you're okay than I go my way
And you're desperate, you're so desperate when you're
down

Here I stand, take my hand
And I'll try to understand you right, understand you
right
In the best way I can 'cause after all I am your friend

Last words you scream to me, you expect too much of
me
'Cause I could give you anything if I just could be
myself

It's like that, its like that all the time
First I say that you're okay then I go my way again
You're desperate, you're so desperate but still mine

Here I stand, take my hand
And I'll try to understand you right, understand you
right
In the best that way I can 'cause after all I am your
friend
Friend to me

But now the girl is working, now the girl feels fine
Now the girl is working and I'm the one who feels down
Yea the girl is working, yea the girl is fine
But if she'll be working until the end of time

And I hope she will understand me then
In the best way that she can 'cause after all I am her
friend
And I hope she will understand me then
In the best way that she can 'cause after all I am her
friend until the end
