I don't know what to say
'Cause I don't feel that good today
I don't know what to do
I left my mind in all that glue

And if I try, I try to think
Or if I'll do something about this mess
Then I will find, will find myself
In a situation I can't deal with, now

My head it starts to pound
My thoughts are flying around
And my body hits the ground

And I can hear a sound
Oh, I can hear a sound and I feel fine
And I can't see what's wrong
I'm alone and strong

I keep my eyes on you
Just to make myself to sure
I don't know why I care
'Cause it makes me feel so poor

And I must try, must try to leave
All this stuff behind me now
And I feel fine, feel fine today
But tomorrow I don't know what I will say

'Cause my head will start to pound
My thoughts will fly around
When my body hits the ground

And I won't hear a sound
Oh, I won't hear a sound and I feel fine
'Cause I can see what's wrong
I'm alone and strong

My head it starts to pound
My thoughts are flying around
When my body hits the ground

And I can hear a sound
Oh, I won't hear a sound and I feel fine
'Cause I can see what's wrong

I'm alone and strong
I'm alone and strong
I'm alone and strong
I'm alone and strong
