Drop the gun
The one that's stuck to my head
It's just begun
You're done, you get what you're fed
The machine is turning 15

No, I never thought that I invented the wheel
All I ever aimed for was something real
Creativity is still my gasoline
Ever since Goofy gave birth to this machine

Drop the gun
The one that's stuck to my head
It's just begun
You're done, you get what you're fed
The machine is turning 15

No, I'm not altruistic, I don't do this for you
I'd rather paddle my own canoe
This is not a tool or a simple device
No, this is the machine 15 to be precise

Now like an efficient calculation
But with a human soul
It's got a heart, it's got dreams
So what's the motivation now?

Well, motion is the goal
And this has just begun
You better drop the gun

Drop the gun, drop the gun
Drop the gun
(The machine is turning 15)
Drop the gun
(The machine is turning 15)

Drop the gun
(The machine is turning 15)
Drop the gun
(The machine is turning 15)

Drop the gun
The one that's stuck to my head
(The machine is turning 15)
It's just begun
You're done, you get what you're fed
(The machine is turning 15)

The machine is turning 15
The machine is turning 15
The machine is turning 15
The machine is turning 15
