Things you never would have told
Aren't secrets anymore
Today you talk about that time
When your mind was really sore

Now I know why you have been thinking
About the other side
You never thought that it would happen
And now you have lost your pride

Going up, going down
Sometimes I feel the same way as you do
You feel to scream, you feel to cry
Melancholy protection
You've got to move on

You are chanceless
You are chanceless
To find the warmth again

You are chanceless
You are chanceless
But can't forget what happened then

You are chanceless
You are chanceless
To find the warmth again

You are chanceless
You are chanceless
But can't forget what happened then
