Patience...patience
Been good, been bad, got worse got better
I feel, i know myself when i'm looking in the mirror
I've been hurt, been loved, i'm scarred, not bitter
I am an angel with the knowledge of a sinner
What do i do ? how should i be ? when i look at myself, i
can only be me

I Need a little patience...
I Need a little patience... (patience)
I Need a little patience...
I Need a little patience...(patience)

Been hard, been soft, been both, been neither
Above it all
I am only a survivor
I've been down, been low
Been up, got higher
We are only human or just liars

I look for the day, when i open my eyes,
and i look to myself but it's no big surprise

I Need a little patience...
I Need a little patience... (patience)
I Need a little patience...
I Need a little patience...(patience)

I'm sitting here sinkin and i'm on the 18th floor
And i'm thinkin do I jump or should i stay around
some more ?
I watch my friends get bigger and get better and get
richer
Well i'm not bitter, no

Time is ticking tickin tickin tickin on
With vengeance
I want it all
I want it all

I Need a little patience...
I Need a little patience... (patience)

I Need a little patienceÂ....
I Need a little patienceÂ.....(patience)
(repeat chorus x2)
