Looking back on what I've done
Regret is all I see
I miss you
And the way it used to be

My selfish ways have put me here
Alone I feel ashamed
And I know
That I am the one to blame

I know you feel the same

I don't believe that a future day
Will make it go away
I don't believe that a single try
Will make me see the light

I start again back on square one
Forgot what I've become
Now I am looking back
On what I've done

I have to trust my guts this time
To believe that I'll be fine
I have to trust myself
I'll be okay

But I was fine today

'Cause I believe that a future day
Will make it go away
And I believe that a single try
Will help destroy the light

A single try, a single try, a single try
Will make me see the light

'Cause I believe that a future day
Will make it go away
And I believe that a single try
Will help destroy the light

'Cause I believe a
(Future day)
Yeah, I believe in a future day
Will make it go away
(Future day)
Yeah it will make it go away

Destroy the
Destroy the light
Destroy the light
Destroy the light
