Well, I remember when this
Was different than a job
For friendship and for fun
In harmony we got it done

We had a good thing going
In our hometown Pennybridge
But most of those band are gone
It can be tough to stand alone

Stand alone, so many times it has been shown

But it looks good just as it should
Feels good, not for me I can't say that yet

You were my girl until this day
I can't understand you're not anymore
More than two years shared with you
And all the things that we've been through

In my memory forever
You'll be there until I die
And though this is the end
I love you more than as a friend

As a friend, doesn't matter it's the end

But it looks good, just as it should
Feels good, not when you're filled up with regret

And everything has it's time
And I will sure have mine
So many things that we start
Almost tear us apart, eventually

And everyone has their own
Way they gotta go
So many things that we start
With people who break our heart

One time, then do the same to another one

But it looks good, just as it should
Feels good, not for me, I can't say that yet

But it looks good, just as it should
Feels good, not when you're filled up with regret
Feels good, not for me, I can't say that yet
Feels good, if I felt good today you know that I would
stay
