I don't want you to know too much about me, oh no
'Cause I know you'll take advantage of the words that I
say
You're looking for a way to depress me, make me pay

You don't want me to be, too close around you 'cause I
would see
All the weak sides that you got 'bout which you're trying
to hide
You know that I would nail you if I could nurse my pride

You're on the top when I'm low
As soon as you're fading I will grow
I don't like you, you don't like me
We're lacking energy, yeah, we're lacking energy, we
do

It's a mind game we play, rule the roost, major
cliché, yeah
While one of us is fit, the other's going insane
And every time we think the positions will remain

You're on the top when I'm low
As soon as you're fading I will grow
I don't like you, you don't like me
We're lacking energy, yeah, we're lacking energy

So you got me up against the wall
And I'm only waiting for your fall
I'll get back on top and be carefree
It's not the end for me, no it's not the end for me

I know we're thinking the same and our opponent's the
one to blame
Thinking this way is not something we both longed for
Living this way is never something we did plan but I
don't think
We will change 'cause we're stuck in roles as other's
antipoles

You're on the top when I'm low
As soon as you're fading I will grow

I don't like you, you don't like me
We're lacking energy, yeah, we're lacking energy

So you got me up against the wall
And I'm only waiting for your fall
I'll get back on top and be carefree
It's not the end for me, no it's not the end for me

It's not the end for me, no it's not the end for me
It's not the end for me, no it's not the end for me
It's not the end for me
