Trouble down on my own street  
Domestic violence on repeat  
Smashed up doors and yelling again  
Some say you are insane

But I don't think so I love you  
When you are smiling I am too  
The only troubles I have are yours  
Please just make them end  
Until they find you something that cures  
I hide away at friends

I was saved by the bell  
Or rather saved by hell  
Because it didn't kill me  
No, it rather drilled me to be doing well

I was saved by the bell  
Or rather saved by hell  
Because it didn't kill me  
No, it rather drilled me to be doing well

My friends look forward to Friday night  
While I am anxious for the weekend fights  
In a small apartment there's nowhere to run  
When chaos has begun

I hold my ears to dull the noise  
But I can still hear your loud voice  
I hide under my bed 'til it's gone  
Why can't you get along?

I was saved by the bell  
Or rather saved by hell  
Because it didn't kill me  
No, it rather drilled me to be doing well

I was saved by the bell  
Or rather saved by hell  
Because it didn't kill me  
No, it rather drilled me to be doing well

I was saved by hell  
And now I'm doing well  
It didn't kill me then  
It will not kill me now

I was saved by hell  
And now I'm doing well  
It didn't kill me then  
It will not kill me now

It didn't kill me then  
It will not kill me now  
It didn't kill me then  
It will not kill me now  
It will not kill me now
