Lisa don't think she's pretty no more
Starin' at the stars through a backstreet door
She tries and tries to make it all work out
No matter what she does

She's left standin' in the middle of doubt
In a lonely night and in the pourin' rain
You can count on me

Sometimes she cries when shes alone at night
Sometimes she weeps, when she's feelin' cold and
weak
Sometimes the pain, it just tears her up inside
Sometimes she cries

Ooh, I wonder why
Lisa don't have a lover no more
Plays with her pillow, stares at the bedroom floor
Used to have a million, they've come and gone

No matter what she does, she can't figure out
What she's doin' wrong
In a lonely night and in the pourin' rain

Sometimes she cries in the middle of the night
Sometimes she weeps, when she's feelin' cold and
weak
Sometimes the pain, oh, it tears her up inside
Some times she cries, oh, yeah

Liven, loven, given everything you've got
After all the heartache
Maybe give it all just one more shot yeah
In a lonely night and in the pourin' rain
The only thing I really wanna know is why

Sometimes she cries in the middle of the night
Sometimes she weeps, when she's feelin' cold and
weak
Sometimes the pain, oh, it tears her up inside
Sometimes she cries
