Everything around me is dark
It is a black winter
Haven't seen daylight
Since the?
I see shadows burning to the ground
And onto buildings
But I can't find my own

All the dark clouds that appear
After the blast
They still last
Everlasting acid rain is pouring down
Took my sight away
And then I became

It is nothing but?
Those grim colored skies
I've lost my shadow
It will not show
In every mirror
I see only glowing eyes

Forever I wander in the ruins
Of this vast city
I need to find the shadow
Among buildings - my shadow
I see the?
Chasing shadows in the darkness

It is nothing but? now
Those grim colored skies
We need our shadows
They will not show
In every mirror
I see only glowing eyes

Tonight?
Tonight?

But I know I'll find out
Soon as I find my shadow
It will be over

I will have won my last bout

After the blast

They still last

Everlasting acid rain is pouring down

Took my sight away

And then I became
