

## Wasteful Consumption Patterns "Sheep"

Dispel all obscure notions  
That you may have of me  
Accept what you don't understand  
And do it faithfully  
Everything you've ever wanted  
Anything you'd ever need  
My wealth is limitless  
Not bound by your greed  
Follow me my sheep  
Come take my hand  
No need to weep  
It's my master plan  
Stand by my side  
Take me as I am  
I control this place  
Submit to my demands  
Calloused dead civilization  
Detached, abused with scorn  
Peel off another impression  
And rub it in my sores  
Restrictions in profusions  
But always demand more  
Accept what you cannot change  
And let me be your whore  
Follow me my sheep  
Come take my hand  
No need to weep  
It's my master plan  
Stand by my side  
Take me as I am  
I control this place  
Submit to my demands  
Follow me my sheep  
Come take my hand  
No need to weep  
It's my master plan  
Stand by my side  
Take me as I am  
I control this place  
Submit to my demands
