Blood!

From the mountains to the plains  
To the tracks there were never crossed  
Dissension to be grounded  
As blood spills upon the rocks  
The shadows that we cast on  
Stop growth on our own land  
The land that we hold sacred  
Will now die by our hands

Our friends in dark places  
Dark places in our friends

Will our eyes be open when the pain begins  
We listen for the children to say it's safe  
Safe for us to pray  
Prey upon the weak and bite the hand that feeds  
Recite the words in vain, to further indulge in sin  
Embrace my terror, my reign, Unleashed

And our souls cry out, and the fog blinds all

Blood runs through the hills  
Death watches over me  
Noose around my neck  
Death will set me free

From the mountains to the plains  
To the tracks there were never crossed  
Dissension to be grounded  
As blood spills upon the rocks  
The shadows that we cast on  
Stop growth on our own land  
The land that we hold sacred  
Will now die by our hands  
We listen for the children to say it's safe  
Safe for us to pray  
Prey upon the weak and bite the hand that feeds  
Recite the words in vain, to further indulge in sin  
Embrace my terror, my reign, Unleashed

And our souls cry out, and the fog blinds all  
And our souls cry out, and the fog blinds all  
Blood runs through the hills  
Death watches over me  
Noose around my neck  
Death will set me free

Burn... we burn we burn  
We burn we burn

So these are the steps I take as I walk towards the  
fucking top  
I lay my guns at your feet as you watch  
We ask the dead if we can borrow as we take with no  
answers  
Collect teeth from families and offer children cancer  
A constant spiral freedom feels a quest for natural  
health  
No belongings  
We're all simple ones and now our pain is wealth

Burn... we burn we burn  
We burn we burn

In the mist of chaos, I will rise  
To thrive on your fucking lives  
A false Christ, I exist and strive  
Your life means shit through my eyes  
Tearing at your steel, your final stand  
You die by my hand

Drown Drown Drown Drown
