[Verse 1]

This room is so cold  
It feels like a ghost  
Right here in my home  
The dead will riot and they'll roam  
Flipping off the lights, try to chase me out  
Pulling at my hair just to hear a shout  
I know you're here with me  
You're not dead but you wish you could be

[Pre-Chorus]

In my bed with me inside your skin  
I'm not giving in, I'm not giving in

[Chorus]

Watch the shutters  
Watch 'em tremble now  
In the silence  
In the night spun out  
And violently the ghost will roam  
Always strung out, never alone

[Verse 2]

I wake up so scared  
I know that you're there  
A breath from your lungs  
Froze my heart to life in fear  
Static on the screen, try to reel me in  
Mute the silent scream, anything to win  
Cut a slit straight down my chest  
Sink within, wear my ribs as a vest

[Pre-Chorus]

In my bed with you inside my skin  
You're not giving in, you're not giving in

[Chorus]
