[Verse 1]
I hold your back against my chest
Rest my lips gently on your neck
Watch you stir so peacefully
I wonder if you're dreaming of me

[Pre-Chorus]
Hello, hello, can I get you something?
Goodbye, goodbye, cause he gave you nothing
But you know I would
Yeah you know I would

[Chorus]
How am I supposed to keep
All to myself when I can see
Everything that I could ever need
Is standing right in front of me

[Verse 2]
Keep a piece of you so close to me
So when I sing this song you feel my grief
Every night on this fucking stage
So far from you, but so close to fame

[Pre-Chorus]

[Chorus]

[Bridge]
When you're gone the days seem so long
Time keeps ticking but I can't move on
But when you're here it all becomes so clear
I'm only happy when you're near

[Interlude]

[Chorus]
