Come and tune the jukebox
And we ready for ya
Come and tune the jukebox
And we ready for ya

Feelin' nice and me wanna dance
And me find pretty girl and see she prance
And me feel her wind and grab me hands
And take her in the back if we get the chance

Now bump say me just took tree shot
Get crunk get behind the girl and plot
Now hump hump up on the girl don't stop
Now jump, jump take it on to the top and

Come and tune the jukebox
And we ready for ya
Come and tune the jukebox
And we ready for ya

Got two quarter crack ya bear
And put it in the box pick a tune you feel
Now come here baby you know the deal
I drive fast when u come turn my wheel

Now bump
Whine up on me girl up on the stump
Hump up on me body feel you pump
Pump up on me natty girl can done
Runnin' out of breath girl u fast gun
