Hmm there's no pity
Hmm there's no pity
Hmm there's no pity
Hmm there's no pity
Knowledge, knowledge, knowledgeâ€¦
Ask for a helping, helping
Knowledge, knowledge, knowledgeâ€¦
Take it from me
Knowledge, knowledge, knowledgeâ€¦
Ask for a helping, helping
Knowledge, knowledge, knowledgeâ€¦
Take it from me

When you're ah ah ah ahahahhaha
Oh the powers
Wahhh ahahah
Oh the powers
No no no in the naked city

Hmm there's no pity
Hmm there's no pity
Knowledge, knowledge, knowledgeâ€¦
Hmm there's no pity
Knowledge, knowledge, knowledgeâ€¦
Hmm there's no pity

I came here for justice (justice, justice, justice, justice)
And I'm going to get it (I'm going to get it I'm going to get it I'm going to get it)
I don't want a policeman's idea of justice (of justice of justice of justice)
I want a little of the victim's idea of justice (justice justice)
From the bottom looking up, not not not from the top looking down (down)

I'm also a man of heart and blood and soul
Heart and blood and soul
Heart and blood and soul

And I'm not gonna do it (do it)
Heart, heart and blood and soul (soul)
Heart and blood and soul (soul)
Heart, heart and blood and soul (soul)
I've got principles

A fellow ain't got a soul of his own
Just, little piece of a big soul (big soul big soul)
(Do you believe in liberty, liberty, liberty?)
Little piece of a big soul (big soul big soul)
Do you know it's being strangled? (strangled?)
One big soul that belongs to everybody
No no, in the naked city

Hmm there's no pity
Hmm there's no pity
Hmm there's no pity
Hmm there's no pity
Hmm there's no pity
