Sperm, milk & fate
With the rhythm of the age
Sperm, milk & fate
Shocking, shining, dead

Sperm, milk & fate
I break the ascendance
Sperm, milk & fate
In the golden cage

And the blood runs wild
As the sun burns staring eyes
And the blood runs wild
As the sun burns staring eyes

Your birth, your milk, your fate

Sperm, milk & fate
With the rhythm of age
Sperm, milk & fate
Shocking, shining, dead

Sperm, milk & fate
I break the ascendance
Sperm, milk & fate
In the golden cage

And the blood...
As the sun...

Your birth, your milk, your fate

Sperm, milk & fate...
