Beyond The Ninth Wave  
My spirit snaps, despair engulfs  
Like a bloody brooch, my shame is borne.  
When weakness called, I opened the door  
Betraying all (that) I once held so dear.  
Honour denied, I still cannot believe  
Banishment invoked, cast out to sea

Beyond the ninth wave  
Cast adrift, exiled soul.  
Beyond the ninth wave  
Stripped of honour, stripped of Clan.

Broken lands, Macha betrayed  
My Clan and my kin, they all bear my shame

I give up my life to the God of the sea  
Mannanan Mc Lir my fate lies with thee  
Depart on the tide (as) banishment beckons  
Trice three years in torment I face.  
Darkest of days, stalking my stride,  
Resultant fall, all consuming pride.

Great deeds, I now seek.  
Focus supreme.  
Redemption I crave,  
Mortality engaged.
