Something's happened lately
I feel my world go crazy
I won't be standing with my back against the wall
It took some time to make me
Understand and maybe
I realize this feeling's not so new at all
I knew there was something wrong

That's why I'm singing my happy song
And I try to keep holding on
Cause baby it's been too long
I'm singing my happy song
When all that's left is wrong
I'm singing my happy song

My God I'm feeling thankful
Now I've escaped this shameful
Life I've been sharing with you all alone
Your love was never easy
There was no time to please me
Looking back, it chills me to the bone
I knew there was something wrong

That's why I'm singing my happy song
And I try to keep holding on
Cause baby it's been too long
I'm singing my happy song
When all that's left is wrong
I'm singing my happy song

Oh baby, now it's all been said and done
I knew there was something wrong

That's why I'm singing my happy song
And I try to keep holding on
Cause baby it's been too long
I'm singing my happy song
When all that's left is wrong
I'm singing my happy song
