I was blinded by the light,
'Cause I was so misty eyed.
I was looking for love
And she was right on time

I was shaking, she was too.
Didn't know what I should do.
It was late on a Sunday,
Tell me, is that a crime

Can I hold you for the last time?
Can I hold you for the last time?
Can I hold you for the last time?
Than I'm gone.

Hold you for the last time.
Can I hold you for the last time?
Can I hold you for the last time?
Than I'm gone.

Whoohooh.

Hey, I call you in the morning.
I call you in the evening.
See you around, 'round, 'round, 'round.

Hey, you don't have to love me.
You just have to like me.
Just lay me down, down, down, down.

I don't wanna compromise.
Don't wanna have to tell you lies.
Let's not get emotional or rationalize.

Now, don't you go imagine
That I whisper something crazy
Like I love you.
Stranger things have happened
To the two of us.
Can I hold you for the last time?
Hold you for the last time?
Let me hold you for the last time?

Than I'm gone.

Whoohooh.

And hey, you don't have to love me.
You don't have to like me.
Just lay me down, down, down, down.

If you were the one for me,
Would I even recognize, whoohoohoo
I could be your only love,
Your only for tonight.

Whoohooh.

Hey, I call you in the morning.
I call you in the evening.
See you around, 'round, 'round, 'round.

Hey, you don't have to love me.
You just have to like me.
Just lay me down, down, down, down.

Hey, I call you in the morning.
I call you in the evening.
See you around.

Hey, you don't have to love me.
You just have to like me.
Just lay me down, down, down, down
