Right from the start  
A knife in the heart  
Oh jealousy  
That wicked emotion  
You cut me right open  
Like stainless steel  
Oh jealousy

You can kill a man with bullets  
Poison or a knife  
When I saw you with another man  
A part of me just died  
Oh jealousy

You can hear the thunder rolling  
You can feel the howling wind  
You can see the fire burning  
Somewhere deep within  
Oh jealousy

No, I can't go on believing in your lies  
And we're past the point where our love will survive

Right from the start  
A knife in the heart  
Oh jealousy  
That wicked emotion  
You cut me right open  
Like stainless steel  
Oh jealousy

I'm running through the city  
I'm running through the land  
I'm searching Anny everywhere with the devil in my  
hand  
Oh jealousy

With the streetlights as my witness  
I'm about to kill that man  
Cause if I can't have you baby  
Nobody can
