"Lucky Night"

It's one of those nights
There's something in the air
A feeling so right
When you just don't care
One of those smiles
From across the room
Baby come over here
Come over here

I'm just hanging around
While the music plays
She's coming on strong
In every way
It can't be undone
What I'm about to do
It's getting closer baby
In the mirror-ball light
You keep getting closer baby
Now it's my lucky night

And she said
I don't wanna talk, it's just a feeling that I've got
For you baby
So let's get physical
And I don't wanna wait
And I don't even know your name, it's crazy
If just my friends could see me now

She's taking me home
To her secret place
She's turning me on
Such a lovely face
It can't be undone
What I'm about to do
It's getting closer baby
Will you give me the light
Reach for the fire hose baby
Cause it's your lucky night

And I said
I don't wanna talk, it's just a feeling that I've got

For you baby
So let's get physical
And I don't wanna wait
And I don't even know your name, it's crazy
If just my friends could see me now
Oh baby, oh get close to me baby

I don't wanna talk, it's just a feeling that I've got
For you baby
So let's get physical
And I don't wanna wait
And I don't even know your name, it's crazy
If just my friends could see me now

I don't wanna talk, it's just a feeling that I've got
For you baby
So let's get physical
And I don't wanna wait
And I don't even know your name, it's crazy
If just my friends...

I don't wanna talk, it's just a feeling that I've got
For you baby
So let's get physical
I don't wanna wait
And I don't even know your name, it's crazy
If just my friends could see me now
