Time's up, gotta move on, no way, I will wait another
day,
tired of sleeping alone
We meet, like the song,
like thieves at the dark end of the street, tired of hiding
alone
So break up, I ain't tripping, ask yourself:
Is this life worth living, when you're under a spell

So baby, if you wanna escape
Just follow me, I'll show you the way out
I'll break the chains that bind you and set you free
Baby let me be, your escapist

For all this time, all you've got to show
Is broken hearted tears on the pillow,
he never treated you right
So tonight, we'll do it for real,
ut he won't forgive you like I did, so there's no turning
back
Sing out, you know I'll come running, this cage
It's kept you far too long, now the time is come

So baby if you wanna escape
Just follow me, I'll show you the way out
I'll break the chains that bind you and set you free
Baby let me be, your escapist, ooh baby, oehh, your
escapist

So come on baby, can't you see
This ain't how it's supposed to be, this ain't no happy
ever after
And in the heart of hearts you know, this ain't how the
story goes
Light up now, burn this page and start again
Time's up, the clock stopped ticking
Save your soul from the world you're missing,
from the flames of hell

So baby, if you wanna escape
Just follow me, I'll show you the way out

I'll break the chains that bind you and set you free
Tonight I'm gonna be
Spread your broken wings and fly
'Cause up above ain't nothing but blue skies
I'll break the chains that bind you and set you free
Tonight I'm gonna be, yeah, your escapist
Your escapist baby, ooh yeah, your excapist, baby,
oohwoohh, your escapist, baby, ohohooh
