I've been thinking about us  
For such a long time now  
I've been dreaming about you  
Just tryin' to get you somehow

Chorus:  
But you don't know about me, no  
And you don't know who I am  
Until we meet again  
I know we'll meet again

I would do anything  
That you want me to do  
If it meant that I  
I'd never lose you

If I had a crystal ball, then I'd see  
That everything that I've been looking for  
Is in you, baby please

Are you seeing someone  
I need to know about  
Shall I keep on dreaming  
Or should I put my feelings down

But oh, you don't know me  
Cause you don't know what I feel  
Maybe I'm just another man  
Until we meet again
