How do I love you, well, let me see
I love you like a crooner loves a melody
Baby, completely wrapped up in you

How do I need you, well, can't you tell
I need you like a dreamer needs a wishing well
Baby, completely wrapped up in you

And every now and then when the world gets a little bit
crazy
You gladly hold me, you carry me through
No one in the world ever did what you do for me and I'd
be
Sad and lonely if there was no you

How do I love you, well, count the ways
There's no number high enough to end this phrase
Baby, completely wrapped up in you

Every now and then when the world gets a little bit
crazy
You gladly hold me, you carry me through
No one in the world ever did what you do for me and I'd
be
Sad and lonely if there was no you

How do I love you, well, don't you know
I love you about as deep as any love can grow
Baby, completely wrapped up in you

Baby, completely wrapped up
