"Ultimate Satisfaction"

There's a pleasant feeling in my hand
It feels just as it should
Such a pleasant feeling in my hand
It feels just as it should
Such a pleasant pleasant
Feeling your hand and knowing you're in pain

From the top of my head
I feel the feeling
Coming down
All over me

Ultimate satisfaction
Coming down
All over me

There is no better
Form of relief
Than that certain knowledge
You're getting what you deserve
Makes my heart flutter with the spasm
Of my nerves

From the top of my head
I feel the feeling
Coming down
All over me

Ultimate satisfaction
Coming down
All over me
