You're scared to death
Well something's wrong inside you
You are insane
Mentally Deranged
Or something just as strange
Ain't that a shame

When you think of it
It's quite fuckin' amazing
That you're still alive
Watching yourself die
From the inside you cry
Creeping past your fears

You're falling down
Well seems your life is over
Aren't you're a freak
Nothing more to say
And nothing more to feel
Is that what you wanted

You feel like running away
Won't you care about what they'll say
Take some time to realize
Is it worth the compromise
You're just a freak

Freak x4

Cared about so much
But now it feels so rough
To be lost inside
Funny you might say
Indeed a crazy day
Say goodbye for now

You feel like running away
Won't you care about what they'll say
Take some time to realize
Is it worth the compromise
You're just a freak
