He lost himself  
Crying in despair  
What has he done  
Is so terribly unfair  
He killed his god  
Without thinking  
And then realized  
That his only friend was gone

He couldn't see  
Meaning of life  
And all he wished  
Was for him to die  
And so was born  
This whole frustration  
About this world  
This world in which he was thrown

In which he was thrown!

Couldn't he realize that he was  
Not the only one worth on earth  
Why didn't he just calm down so  
We could have seen who he really was

But as we know, Joyful failed  
He didn't want to care  
He sought world with true vengeance  
What was left for him out there

He thought he knew  
How to get it back  
But they are some things  
That may never be done  
Could have been different  
He could have been right  
Only in his mind  
We just had to believe

Won't it be hard  
To forgive Joyful  
After all he's done

He probably should be gone

So here we are  
With only one hope  
That the truth revives  
And that Joyful dies

And that Joyful dies!

Couldn't he realize that he was  
Not the only one worth on earth  
Why didn't he just calmed down so  
We could have seen who he really were
