Let's just go back
To what it's all about
No time to waste
We're here to make a change
So here it goes
Straight up in your face
Wondering why nobody
Fuckin' rocks anymore

It's so lame, who's to blame,
Where's the reign, couldn't it be the same
Call it sick, Call it heavy
Rock it out, now it's time to give a damn

We're going through hell
Trying to breakout
Always heading forward
Seems against the law
So let's just forget
What we've done so far
It's time to prove that metal
Is still alive

It's so lame (It's so lame)
Always being the same

Who's to blame (Who's to blame)
Who really gives a damn

Where's the reign (Where's the reign)
Couldn't it be the same

Woodenfra (WDNFRA)
You'll remember the name

No it ain't over yet
One last thing to say
Get the fuck out of our way
'Cause now it's time to rock

It's so lame, who's to blame,
Where's the reign, couldn't it be the same

Call it sick, Call it heavy
Rock it out, now it's time to give a damn
