I fear what I'll never be, I fear what I'll never see
I take in what they throw out, I take in what they devour

You gave me this special thing, you gained from this
rotten fling
You gave me this special thing, you gained from this
rotten fling
Baby can't you see, I love simplicity and I will not stay
too long
Can't, will not stay too long, baby can't you see
Don't need this expertise, I got enough on my own bill

You'll get your wish fulfilled
I wonder if I will find, some chaotic piece of mind
If one ever gets in right, if one ever wins this fight

You think that you're heaven-sent, but you're just a
malcontent
You think that you're heaven-sent, but you're just a
malcontent

I fear that I'll never feel, I fear that this movies real
I'm leaving when they show up, I continue, when they
stop

You gave me this special thing, you gained from this
rotten fling
You gave me this special thing, you gained from this
rotten fling

Woman what is wrong, thought I was everyone
And I had already seen 2 seas, saw about a million
me's
Woman, what is wrong, I know my ways are strong
But I can't settle down for less, had to flee from this
mess

If wonder if you were me, If you were what I could be
How can I be everyone, how can I fuck everyone
You think that you're heaven-sent, but you're just a
malcontent
You think that you're heaven-sent, but you're just a

malcontent
