"I'm On A High"

I was on an all-time low,
Didn't know,
Couldn't tell why
Until she told me so
With a tender kiss
She made me fly,
From the abyss
Now I'm on a high

I'm on a high and I can't stop rolling, my heart is open
Yeah I'm doing it solo
I'm on a high and this is my time, our time, I'm on a

High
And I can't stop rolling

Dirty minds
Just entwined
There's lots a freedom
Down below
We got plans,
We got our friends
And lots a of free time
For us to blow
And lots a of free time
For us to blow
And lots a of free time
For us to blow
