Girl silhouette  
waiting by the fire  
got to get settled before the moonlight hour  
where have you been?  
Why are you naked?  
closer we get to the streetlifeflavour

I want it tonight  
I want it now  
I want it tonight  
I want it now

shine to be blind  
you're kinda Satan  
maybe that's why our Dave doesn't hate him  
eyes to the wall  
spread out and take it  
some of us know and some of us fake it

I want it tonight  
I want it now  
I want it tonight  
I want it now

I can't stay in, not every night  
don't want to live my life like that  
the sky goes dark, moon rises high  
I'm ready for my midnight prowl

Babe, you're like gum  
burn hands in water  
we stop a plane from a downward spiral  
forget your rules my precious  
don't ever tell us  
we got to stay away from the street life cherry
