A breeze in the summer,
lemon in the shade,
monster in the water,
don't come home to late,

ooooohh we don't live there anymore,

Good luck charm,
safe in mommy's arms,
picnic in the park,
light in the dark
leave a light on in the dark,

ooooohh we don't live there anymore

-GOOD-

Paradisiac
always looking back
pie in the ski
fat is in the fire
ooh baby what's done is done

Do u remember the time
sucked the marrow and picked the vine
no worries about the chores
we don't live there anymore

And there's no regret, there's only a slight malcontent
but there's no regret
I'm gonna do all the things that I always wanted to
& pay for the things that I never wanted to
I'm gonna do all the things that I always wanted to
& pay for the things that I never wanted to
