Sound the alarms tell the police
Tell me that your listening
Say your goodbyes go out in the streets
Tonight we run last chance to dream
Tonight we run last chance to dream

You want it, you want it, you know

Speak now while you can or forever hold your peace
I never said this wouldn't hurt
God only knows if it will work
The sirens sing us to sleep

Sound the alarms tell the police
Tell me that your listening
Say your goodbyes go out in the streets
Tonight we run last chance to dream

Just sound the alarms its the plan of the week
They want blood we wanted honesty
Say your goodbyes go out in the streets
Tonight we run last chance to dream

Tonight we all run last chance tonight
We define romance tonight
We will re-write history

We'll tonight we all run last chance tonight
We define romance tonight
We will re-write history

Woah
The sirens sing us to sleep

Sound the alarms tell the police
Tell me that your listening
Say your goodbyes go out in the streets
Tonight we run, last chance to dream

Just sound the alarms its the plan of the week
They want blood we wanted honesty
Say your goodbyes go out in the streets

Tonight we run last chance to dream
