I gotta say something that I've been thinking about
I can't wait to lay around with you
And tell you all the secrets
I've been keeping to myself
It's been a while since I've felt butterflies
Do you feel the same way too?
If every single second could last that much longer,
Would you hold me... and kiss me again?

Underneath the moonlight
You're more than a friend
Oh... I knew it from the first time
Yeah... Hold me, feel my heart beat,
Put your arms around me and kiss me again

Kiss me again...

I gotta say I wasn't expecting you to come this way
And fall into my arms
And now I know I can't deny these feelings any longer
I close my eyes, I can't stop thinking about you
Crack a smile, I just can't lose
Add another minute
My heart beats to the limit when I'm with you

So, kiss me again
Underneath the moonlight
You're more than a friend... oh
I knew it from the first time... yeah
Hold me, feel my heart beat,
Put your arms around me and kiss me again

I can't let you go, can't let you float away
'Cause that would be a mistake
I'm not ready to run
Can't let you go to waste
No, no, no...

And kiss me again
Underneath the moonlight
You're more than a friend... oh

I knew it from the first time
Yeah... Hold me, feel my heart beat,
Put your arms around me and kiss me again
Hold me, feel my heart beat,
Put your arms around me and kiss me again,
And again, and again...

Oh kiss me again...
