"Nosferatu"

Bloodcraving flight
Master of the bats
Deep into the night
Ruling troops of rats

In demonic sorrow
Evil bane unleashed
You can't escape tomorrow
Your heart will bleed

Screaming preys
Tremendous pain
Morbid face -
King of new domain

Pierced corpses
Brutal ripping
Cruel and soulless
In darkness creeping

Silence
Sucking the veins
Violence
Torment and pain

Nosferatu -
You will rule the night
Running back to
Fight with the light
