Does this mean that it's over and done when I was
happy for so long
Lets forget that I always regret and I'd be happy to
move on
But this time, I'm not over it

I guess you were always the worst thing about me
Now I can see that you're not the real thing
You keep me running back, running back
This time it's not ending well
And if you want me now
I'll make your life a living hell

I got away from everything, that made me think of you
And now I'm back again, to prove you wrong
Cos you were right about one thing
I'd be coming back again
But you kept on running away

But this time I'm not over it
No this time I'm not over it

I guess you were always the worst thing about me
Now I can see that you're not the real thing
You keep me running back, running back
This time it's not ending well
And if you want me now
I'll make your life a living hell

I swear we could've been a sure thing
I'm sorry that I wasn't the one
I hate you for leaving but you loved to walk away
Does this mean that it's over and done when I was
happy but I was wrong

I guess you were always the worst thing about me
Now I can see that you're not the real thing
You keep me running back, running back
This time it's not ending well
I guess you were always the worst thing about me
Now I can see that you're not the real thing

You keep me running back, running back
This time it's not ending well
And if you want me now
I'll make your life a living hell
