Well I am hoping that today
I'll learn how to live my life,
But I can't, can't,
Can't see past this crowd,
But I know that I can feel it,
Yeah I can feel it

I'm always looking for an answer
Someone to tell me who I am.
I'm always looking to the mirror
There's no one there so I'll pretend.

I don't want to be like everyone else
They by the same rules,
They've got it all figured out.
Follow me through the crowd right now
Follow me through the crowd right now
But I know, that I can feel it, that I can feel it

I'm always looking for an answer
Someone to tell me who I am.
I'm always looking to the mirror.
There's no one there so I'll pretend.
There's no one there so I'll pretend.

Let's all make out that we're somebody else
Let's all make out that we're somebody else
Let's all make out that we're somebody else
Let's all make out that we're somebody else

I'm always looking for an answer.
Someone to tell me who I am.
I'm always looking to the mirror.
There's no one there so I'll pretend.

I'm always looking for an answer.
(Let's all make out that we're somebody else)
Something to tell me who I am.
(Let's all make out that we're somebody else)
I'm always looking to the mirror.
(Let's all make out that we're somebody else)
There's no one there so I'll pretend.

(Let's all make out that we're somebody else)
