Life begins when trust is placed death
embrace and be empowered
avoid and sink to the bottom
constantly approaching nothing left
embrace and be empowerd
avoid and sink to the bottom
we could be animated or
forever caught in headlights
bodies are more than cases
for veing and vital signs
Attempts to climb walls of glass
in search of man-made answers
and synthetic solutions
don't add up when it matters
when the power goes out
and everybody sings your name
steady yourself for the darkness
as the faces start to fade
dont' waste your last breath
to ask for redemption
forgive yourself
and reinvent salvation.
