i got you blowing up my phone and i know your looking right.

if i let you walk me home you know i'll let you stay the night.

touch me up and touch me down.  
shut your mouth dont make sound.  
got my lipstick on ur collar  
you can bet your bottom dollar

you will stay the night stay the night (oh oh)  
stay the night stay the night.(ooh)  
drink dancing what i want.  
take your clothes of its getting on.  
because im feeling lonely you know its true.  
lets get naughty. and i want you to  
stay the night. stay the night.(Oh stay the night)  
stay the night stay the night(oh stay the night).

you know i want you and i need you but ur just a 1 night stand.  
if u get breakfest in the morning you'll be a lucky man.

so lets just keep the small talk dont mean to be a prick  
now lets get down to business. all i need to taste is your lips.

drink dancing. what i want.  
take ur clothes of its getting on.  
because im feeling lonely. you know its true.  
lets get naughty. and i want you  
to stay the night. stay the night (oh stay the night)  
stay the night. stay the night. (wanna stay the night).

at first we were just flirting now were getting down and dirty.  
make it rough make it tough till you leave at 7:30  
so if you get me drunk my "uh" will shut you up.  
we'll go down on the ground play around till the morning

will be drink dancing. what i want

take your clothes off. its getting on. lets get naughty.  
and i want you to  
stay the night stay the night (oh stay the night)  
stay the night stay the night (oh stay the night)
