

We Say Summer "This Is It"

All you boys and girls hit the dancefloor now
'Cause tonight's the night we throw it down
Like we're sixteen again, make sure this night never
ends

We're the sickest kids in town.
So smile bright like the disco lights
Hanging over our heads tonight
And remember to hold up your glass
For all the times we found a reason to...

Sing this song like we're never going home again
We'll break the rules and have a few drinks to forget
the weekend

All you guys and gals hit the beach right now
'Cause today's the day we make this summer worth
while

We make this count (come on, come on)
'Cause we're the sickest kids in town
So run around like the nights gone by
And the drinks we sank together
Remember to keep your keys on hand
For all the times we found a reason to...

Sing this song like we're never going home again
We'll break the rules and have a few drinks to forget
the weekend

This is it, this is it
This is where we both belong
This is more than a place that we call home,
This is it; this is where we both belong

Sing this song like we're never going home again
We'll break the rules and have a few drinks to forget
the weekend

This is it, this is it
This is where we both belong
This is more than a place that we call home,
This is it; this is where we both belong

You'll see, someday, that we're the sickest kids in town.
