Say good-bye you know i tried
And i'm restless and deceitful
And it's all because of you turned away
And what you've done to me you always seem to run
away
And i'll close my eyes
But i will not let you go.
My heart sinks down,
Into my fchest you look so helplessly intentful
And i thought it was right you knew
I was wrong and you knew this all along.

Your pale blank stare it tells me something
Your long black hair is covering your eyes
And you can't see me slowly dying.
Feel my heart in your hands
Can we start this all over again?
This time i'm only 18 inches from you.
This is not the worst that has happened
The worst is still ahead it's still...
