When you were dealt an ace straight down, I was  
dressed in spades  
According to the games that we played  
So ante up I'm worth it all

Have you any time for self evaluation?  
I suggest you find what you've been looking for

Don't lose your heart under the covers baby  
Just like everyone you said you loved  
Don't expect the doves to pick you from the ground  
Because baby I've pinned them down one by one.

When you were slowly falling down, I was there to catch  
you  
From the dark nights and lonely roads so listen up  
when I say

Have you any time for self evaluation?  
I suggest you find what you've been looking for

Don't lose your heart under the covers baby

Just like everyone you said you loved  
Don't expect the doves to pick you from the ground  
Because baby I've pinned them down one by one.

I'm so lush addicted to your laugh,  
Convicted by your smile that holds me back  
Did you ever care about, what I cared about, did you  
ever care at all?

And don't expect the doves to carry on with you  
Don't expect the doves to carry on what you have done

She sings "la da da da da, la da da da da"  
Baby just like everyone you said you loved  
And don't expect the doves to carry on with you  
Cause baby I've pinned them down one by one
