This is the fight
You can win
My hands are tied
Giving in
I know you can't see
But trust me
Believe

Cause were on the beach
Side by side
There's sand in our toes
Tonight
The moonlight
The waves
Chasing our feet

Take me down

My heart beats faster when I'm with you
'Cause I know that you would want me to
I swear to hell I'll never leave
Cause I know one thing
Love is all we need

Let's live tonight
Like our last
We'll streak through the town
Living fast
'Cause naked, we came
So naked, we leave

And we saw the world
Dying down
So we lived it up
Stole the crown
And now that we are free
Let's get out
And breathe

Take me down

My heart beats faster when I'm with you

'Cause I know that you would want me to
I swear to hell I'll never leave
Cause I know one thing
Love is all we need

Are you ready
We'll do this together
We'll make this forever
I know you don't want me to go
I could see
You were waiting for me
You got love in your eyes
Now it's time
To lose all our control

Cause were on the beach
Side by side
There's sand in our toes
We're alive
Feel the weight of your kiss
Crashing down
On my lips

x2
My heart beats faster when I'm with you
'Cause I know that you would want me to
I swear to hell I'll never leave
Cause I know one thing
Love is all we need

Love is all we need
Love is all we need
